

Classification of Occupations

According to the European & International classification systems ESCO/ISCO.
Size of dots corresponds to the number of ESCO occupations falling within a certain class
of the International Standard Classification of Occupations (ISCO).
Tree splits / lines correspond to the nested categories within the ISCO.

by: Jan Simson (@_jansimson)
data: This publication uses the ESCO classification of the European Commission (data.europa.eu/esco/)
code: Built on top of a code sample from the R Graph Gallery (r-graph-gallery.com)

Number of Occupations in Category 25 50 75
